October 24th, 2022.

Greetings,

We are delighted to introduce our new Regional Sales Manager for the Western United States, David Deane.

David attended Chabot College, and has more than thirty years of sales experience. Most recently, Dave held the position of Regional Sales Manager for CLIPSO Americas, Inc.

On a personal note, David is a true Californian. Born in Southern CA and raised in Northern CA. David is a sports enthusiast and a life-long Oakland A's baseball and Oakland Raiders (now Las Vegas Raiders) football fan. Favorite activities include hiking, camping, kayaking in the Sierra mountains, and vacationing to Mexico and Europe with family. David currently resides in Northern California with his wife Frances, and has two wonderful children. On any given Saturday you can find David deep into home remodeling and landscaping projects, or managing a Little League team during the baseball season. For those of you who are acquainted with the rest of the AB sales team, you will know that Dave fits right in with our group.

David has been busy contacting his new customers and offering support. We feel confident that his years of experience as well as his calm approach will have a positive impact, as he works with customers to pursue the many opportunities in the West. Welcome Dave!

Best regards,

Trevor McMillan
Vice-President Sales Industrial Rubber
