IndustrialRubber

November 11th, 2022.

Greetings,

We are excited to introduce our new Regional Sales Manager for the South-Eastern United States, Daniel Kreuter.

Daniel attended Austin Peay State University; and has more than 24 years of experience in sales for industrial products. Most recently, he held the position of Account Manager for Rawson/Industrial Controls.

On a personal note, Daniel was born and raised in Tennessee and currently resides in the Greater Nashville area. His downtime is spent enjoying vacationing and travelling with his beautiful family including his wife, four daughters, and one son. He enjoys the occasional round of golf when time allows. He is also an avid football fan; and has been a season ticket holder for over two decades for both The University of Tennessee Volunteers and the Tennessee Titans.

Dan has been busy travelling with his sales team colleagues, meeting his customers and learning the world of industrial sheet rubber very rapidly. With his strong work ethic and keen sense of diligence, we are confident that customers will be very well taken care of. Welcome Dan!

Best regards,

Trevor McMillan
Vice-President Sales Industrial Rubber
